

WHAT IS BAPTIST HEALTHPLACE?

healthplace

Powered by

HEALTHCARE NAVIGATION WITH HEALTHPLACE:

If you need help or treatment following your Emergency Room visit, Baptist HealthPlace can handle many potential medical issues through an on-demand virtual visit with one of our Baptist Emergency Department Physicians, 24/7. Our care coordinating team can also help with healthcare navigation, including coordinating with your primary care provider, determining if you need immediate evaluation, finding a specialist or setting up a new Primary Care Physician.

OUR PHYSICIANS ARE EXPERIENCED IN:

- Emergency Medicine (board certified)
- Family Medicine (board certified)

DOWNLOAD the Baptist HealthPlace app for both Apple or Android
