ED NEWS Score	Displays the total ED NEWS score with a max value of 7. Inpatient patients will likely have a score of 0.	Cap Att APP New Rad Lab Note Disp

Step 2: Assess potential septic patients when asked

- Treat these patients with urgency as you would a code stroke
- If you feel they are likely septic, **activate ED CODE SEPSIS!**
 - You just have to tell the RN/HUC that this will be an ED CODE SEPSIS
 - Place your ED sepsis orders via the order set and treat as appropriate
